Summer Registration Common Problems

General Guidelines

- Days of the week:
  - T = Tuesday
  - R= Thursday
  - TR= Tuesday and Thursday

- To view your schedule, select “Student Schedule- Week at a Glance” on bottom of registration page
  - To make life easier, open this up in a new window so schedule can be viewed while registering for classes

- Selecting “Register” at the bottom of the class search page after sections have been selected enrolls the student in the course

- Selecting “Add to Worksheet” records the CRN’s of the sections that the student wants but does not register the student in the course. To register the CRN’s that are saved, hit the “Submit Changes” button on the bottom of the worksheet

CHEM 102

- Students must register for a lecture and quiz section that begin with the SAME letter
  - Example: If want to take CL1 lecture, then must take a quiz section that begins with “CQ”
- Do NOT attempt to register for sections AQJ, BQG, BQH, BQI, DQD, DQE, EQD, or EQE unless Merit student

ECE 110

- Freshmen required to take lecture AND lab section of ECE 110
  - Student should sign up for lecture AL1, AL2 or AL3 and any of the lab sections beginning with “AB”
  - Do NOT register for a lab section beginning with “BB” unless you were advised to do so

ENG 100

- Must register for section that corresponds to student’s major
i.e. Computer Science majors must register for “CS” section, Electrical and Computer Engineers must register for “EE” section, etc
- 0 credit hours because grade is based on Satisfactory or Unsatisfactory completion of the course
- NOTE: This class only lasts the first 4 weeks of the semester

MATH 231
- Need to register for Math 299 and Math 231 at the same time in order to successfully register for course
- To do this:
  o Select lecture and discussion section for MATH 231
    ▪ NOTE: The lecture and discussion section that the student registers for must begin with E
    ▪ Must register for Lecture EL1 or EL2 in addition to discussion section beginning with the letters ED
  o When lecture and discussion section are chosen, select “Add to Worksheet” on bottom of screen, do NOT hit “Register”
  o Look up section for MATH 299 and select the same section as the lecture that was selected for MATH 231
    ▪ i.e. should register for EL1 for both MATH 231 and 299 or EL2 for both MATH 231 and 299
  o When correct section is chosen, select “Add to Worksheet”. There should now be 3 CRN’s that appear in the boxes in the worksheet
  o Select “Submit Changes”, now student should be registered for MATH 231 and 299

MATH 241
- Students must register for a lecture and discussion section that begin with the SAME letter
  o Example: If want to take AL1 or AL2 lecture, then must take a discussion section that begins with “AD”
- Do NOT attempt to register for section AD1, AD2, AD3, C1H, D1H, E1H, or F1H unless Merit student or given permission by math department

PHYS 211/212/213/214
- These courses require student to register for a lecture, discussion, and lab section to successfully enroll in course
  o Lecture sections begin with A
  o Discussion sections begin with D
  o Lab sections begin with L
- Choose one of each of these then select “Register”
