2018 Fall Summary

Chao Zhang
In this semester

• Thesis research
  • Thesis writing, final defense, book writing

• Research projects
  • Cube construction, taxonomy generation, information extraction

• Preparing for moving to GaTech
  • Grant writing, course preparation, student recruiting, relocation
Tips from Ph.D. study

- Claim your unique research contribution
  - Set a trend, not follow one
- Think like an amateur, execute like an expert
  - Generate bold ideas, execute the idea step by step
- Plan things
  - In 5 years, 5 months, 5 weeks, 5 days…
- Do not be shy
  - Be brave, practice your presentation, network
- Keep healthy, both physically and mentally
Thank you ALL!
