Fall 2015 Research Plan

1) Write a brief outline of your research plan:

- Develop a front end web interface to intuitively interact and control
  backend statistical data collection
  research software.
  to be developed using:
    - PHP
    - MySQL
    - Javascript
    - HTML
    - CSS
    - jQuery

2) What do you hope to learn and achieve by the end of the semester?

- Better my skills with web development and using said languages.
- Gain experience creating the full working product to seamlessly interact with the
  backend software.
- Gain overall more experience in my field.
