**Fall 2017 Research Plan**

1.) Write a brief outline of your research plan:

The research plan comprises of firstly developing a way to communicate with the twitter api and gather tweet data. The tweet filtered and presented to the user. We hope to achieve the first part done by about the end of October and the second by the end of November so that we will be on track to have a final presentation at the end of the semester.

2.) What do you hope to learn and achieve by the end of the semester?

I hope to learn the process behind research in the field of computer science and also hope to gain valuable skills in software development.
