Spring 2018 Research Plan
1) Write a brief outline of your research plan:
   The goal of the project is to create a platform that allows designers to receive example-based feedback
   1. Design the UI
   2. Implement UI using an angular framework
   3. Implement Database functionality using PHP and MySQL (or another backend framework)

2) What do you hope to learn and achieve by the end of the semester?
   I hope to learn how to apply technical skills to human-computer interaction projects through front and back-end web development.
