Content of Exam

The final exam will consist of written questions. It will cover the entire course material from Lecture 1 through Lecture 39, including Discussions 1-15, Homeworks 1-14, and Labs 1-8. The majority of the exam questions will be based on the new material since Midterm 3. The rest will cover most important concepts from the rest of the course.

For a list of specific terminology and topics, see:

- Lumetta course notes 1.6: Summary of Part 1.
- Lumetta course notes 2.8: Summary of Part 2.
- Lumetta course notes 3.8: Summary of Part 3.

Practice Exams

- Fall 2012 final (solution). Ignore Problems 4 and 7A.
- Spring 2013 final (no solution)
- Fall 2013 final and handout given to students during exam (solution). Note that Discussion 15 problems were taken from this exam.
- Spring 2016 final (solution). Ignore Problem 3.2.
- Fall 2016 final (solution). This final exam will be discussed at the UA review session.

We discourage you from simply looking at the solutions without having tried the exams under test conditions because research shows that students who check their answers too quickly tend to perform worse during the actual exam.
