Picking up your toolbox

- Print this form and sign it in pen with your lab partner.
- Take both of your i-cards to TA office hours in 4022 ECEB, where a TA will sign out and give you one lab toolbox per team.
- You and your partner will keep this toolbox until you demo Lab 5, unless you want to change partners after Lab 3.
- To pick up the toolbox, both students do NOT need to be present, but you must provide both student IDs and the form must be signed by both.

Signing up for a demo slot

- Each team must sign up only once on the Doodle poll. We will delete duplicate entries.
- You must sign up using your toolbox number only (e.g. 253). We will delete invalid entries.
- Each demo slot is limited to 12 teams.
- If you demo on Tuesday or Wednesday, you will get 4 or 2 bonus points, respectively. Scores will be capped at the maximum number of points available.
- At the demo slot sign up deadline, a snapshot will be taken of the Doodle poll. If you do not have an appointment at that time, you will get zero on the lab.
- We recommend signing up while logged in to a Doodle account, so that no-one else can delete your appointment by mistake.
- You must demo your circuit during the demo slot that appears in our appointment sheet. Please be aware that your word or showing us a screenshot of your appointment will not be considered proof that you registered for a slot.
