Conflict Exam Time: 9:00-10:30 pm (arrive at 8:45 pm)
Conflict Exam Location: please check Compass for details.
Conflict Exam Request Deadline: Monday, November 13, 2017. Sign up here to indicate if you require a conflict midterm. On Tuesday, November 14 you will receive an email with our decision and relevant information about the conflict midterm.

UA Review Session: Sunday, November 26 at 2:00-4:00 pm in 1013 ECEB (slides)
HKN Review Session: TBA. This review session is run by students and is not endorsed by the course instructors.

Regrade requests: due on Friday, December 15 at 2:30pm in the course mailboxes. First, make sure you have read and understood the Course Overview and Policies. To submit a regrade request, on a blank sheet of paper, write your name, netid, section, and exam date and write down the problems that you want regraded and specific reasons why you should have received more points for said problems. Do not write on your exam. Staple this sheet of paper to the front of your exam and return it to the course mailbox by the posted deadline. If you do not submit a regrade request by this time, you waive your right to a regrade. When regrading your exam, the course staff reserves the right to regrade the exam in its entirety and not just the problems asked. In some cases, regrading will result in a score lower than the original score.

Content of Exam

Exam 3 will consist of written questions. It will cover the course material from Lecture 20 through Lecture 30, including Discussions 8-11, Homework 8-11, and Labs 4-5.

For a list of specific terminology and topics, see Lumetta course notes 3.8: Summary of Part 3.

Practice Exams

- Spring 2013 midterm 3 (no solution). Ignore Problem 2.
- Fall 2013 midterm 3 (solution)
- Spring 2014 midterm 3 (no solution)
- Fall 2014 midterm 3 (solution)
- Fall 2016 midterm 3 (solution). This midterm will be discussed at the UA review session.
- Spring 2017 midterm 3 (solution)

We discourage you from simply looking at the solutions without having tried the exams under test conditions because research shows that students who check their answers too quickly tend to perform worse during the actual exam.
