Everitt Award for Teaching Excellence

In 1968, undergraduate engineering students established the Everitt Award for Teaching Excellence to honor Dean Emeritus William L. Everitt at the time of his retirement. The award, which annually recognizes one engineering faculty member for outstanding undergraduate teaching, is one of the most coveted awards available to the faculty and serves to emphasize the importance attached to good teaching in the college. The award is made possible through an endowment contributed by the personal and corporate friends of Dean Everitt. The recipient receives a plaque in recognition for his or her outstanding effort as well as direct deposit in the amount of $3000.00. The winner's name is also engraved onto a plaque that is placed in Engineering Hall.

The recipient of this award is selected by the student organization, Engineering Council.

Criteria
1. The Nominee shall have taught for a minimum of two semesters during a period of three years prior to the presentation of the award. One of the semesters must be during current calendar year.
2. Nominee must not have won this award in the past five years. Upon winning the award the winner may not win again for another five years.
3. Recommendation letters: Recommendation writers must consist of one professor and two undergraduate students.

Solicitation: October - The Undergraduate Programs Office will alert the awards chair of Engineering Council to distribute nomination information to departments.

Note: only students can nominate candidates for this award.

Selection: January - One recipient is selected by Engineering Council. The recipient is notified by the Executive Associate Dean. The recipient and his/her family are invited to the Faculty Awards ceremony by the Executive Associate Dean.

Logistics: February/March - The editor in the Engineering Communications Office prepares the college awards convocation booklet, which will carry photo and biosketch of awardee. Recipients receive a plaque depicting Dean Everitt and a direct deposit for $3,000, which are presented at the awards convocation.
