William R. Schowalter Award

During his 12 years as dean of the College of Engineering, William R. Schowalter demonstrated outstanding character, creativity, and enthusiasm. Above all, his dedication to the students and faculty of the college was always evident in his conduct. In his honor, on behalf of Engineering Council, the William R. Schowalter Scholarship was established upon his retirement in February 2001. Recipients of this award are chosen based on their leadership skills, creativity, encouragement of others through activities, and dedication to the College of Engineering. Criteria: # Enrollment in an engineering curriculum at the University of Illinois at Urbana-Champaign. This includes students within affiliated departments outside the College of Engineering or the 5-year LAS/Engineering program.# Sophomore or junior (by number of years in attendance at the university).

1. Demonstrated leadership in an engineering context and show dedication to the students and faculty of the College of Engineering.
2. Possess not only leadership skills but shall also demonstrate outstanding character, creativity, enthusiasm, and encouragement of others in his/her activities.
3. The award recipient shall not have already previously won this award.
4. Letters of Reference: The first reference letter must be a letter of nomination from a student on the executive board of a member society of Engineering Council in good standing or an executive board member of Engineering Council. The next 2-3 people can serve as references. One must be UIUC student (any level); one must be a University faculty member/academic/administrative staff (non-student); remaining reference is optional and can be from any source.

Solicitation: October - The Engineering Awards Committee Chair will alert the awards chair of Engineering Council to distribute nomination information to departments. Nomination form can be found
